| <b>HEAR BACK</b>               |  |                |
|--------------------------------|--|----------------|
| <b>Hear Back Mixer</b>         | A personal monitor mixer permitting mixing of eight channels: a stereo mix and six "more me" inputs which can be mono or linked as stereo pairs. Headphone outputs and balanced line outputs for stereo auxiliary input are provided. The units may be mounted to a mic stand or desk mounted.   | <b>287,00</b>  |
| <b>Hear Back Hub</b>           | Supplies signal and power to eight hear back mixers. Inputs provided for Analog, ADAT® Optical and HearBus. HearBus in/out permits daisy-chaining multiple hubs or interfacing the Extreme Extenders. Front panel provides metering of the inputs and a bi-color LED clock status indicator. The analog input uses a DA-88 Analog cable. | <b>718,00</b>  |
| <b>Four pack Kit</b>           | Includes: 4 - Mixers, 1 - Hub, 4 - 50 foot CAT5e cables, and 1 - Hear Back analog, DA-88 style cable.  | <b>1843,00</b> |
| <b>Extender ADAT In</b>        | Converts ADAT® Optical to a HearBus CAT5E output. Connection to any device having ADAT® outputs that need to run up to 500 feet is possible at either 44.1 KHz or 48 KHz. Buffered ADAT® thru acts as an optical splitter to give local ADAT® connection to the source.  | <b>123,00</b>  |
| <b>Extender ADAT Out</b>       | Converts HearBus to two ADAT® optical outputs, which connect to any ADAT® optical input at either 44.1 KHz or 48 KHz sample clock rates.   | <b>123,00</b>  |
| <b>accessories:</b>            |  |                |
| <b>CAT 5e Cables</b>           | C2-F        2 foot (0,6 m)   | <b>6,00</b>    |
|                                | C50-F      50 foot (15 m)  | <b>26,00</b>   |
| <b>Optical ADAT Cables</b>     | O6-F        6 foot (1,8 m)   | <b>21,00</b>   |
|                                | O12-F      12 foot (3,6 m)   | <b>31,00</b>   |
|                                | O25-F      25 foot (7,5 m)   | <b>41,00</b>   |
| <b>DA 88 Analog Snake</b>      | A 12 foot DB-25 male to eight 1/4" male TRS cable.   | <b>31,00</b>   |
| <b>Hearbuds</b>                | Greatly improve performance and comfort of in-ear headsets. Acoustical isolation, efficiency and sound are improved.   | <b>18,00</b>   |
| <b>Hearbuds &amp; Headsets</b> | The Hearbuds and Headset combination provides an affordable in-ear monitor for stage, studio and choir applications.   | <b>41,00</b>   |
